Camice J. Revier

Email: cjr69@cam.ac.uk | Mobile: 07538 291931

Professional Summary

Psychiatric researcher and educator with specialist expertise in sleep, psychosis, functional and recovery outcomes. Proven track record in developing and delivering randomised controlled intervention studies, systematic reviews, and community-engaged research grounded through collaboration with lived experience advisory groups. Proven leadership in developing mentoring programmes, academic writing groups, and pastoral care initiatives. Strong foundation in mental health research with extensive experience supporting diverse student populations, including underrepresented groups and students with disabilities. Exceptional interpersonal skills with cross-institutional collaboration experience.

Publications & Conference Presentations

Revier C.J. et al. (2023) Poster presentation 'Contrasting clinician and service user perceptions of sleep in psychosis' *Lausanne, Switzerland IEPA 14 Conference*

Revier C.J. et al. (2020) Protocol 'Randomised Study of Web-based CBT Intervention (Sleepio) to Reduce Insomnia and Improve Social Recovery in Early Psychosis (CRISP)' *ResearchGate*

Revier C.J. et al. (2016) Poster presentation 'Daily Sleep Duration and Social Recovery in Psychosis: Results from the National EDEN Study' *Milan, Italy IEPA 10 Conference*

Revier C.J. et al. (2015) 'Ten-year outcomes of first-episode psychoses in the MRC ÆSOP-10 study' *Journal of Nervous and Mental Disease*

Research

Department of Psychiatry, University of Cambridge / Primary Supervisor: Prof Peter Jones, Professor Emeritus & Clinical Director of Research –

- Research conducted during PhD 2016 to present (pending final thesis)
    - **Randomised Study of Web-based CBT Intervention (Sleepio) to Reduce Insomnia and Improve Social Recovery in Early Psychosis (CRISP)** – Worked collaboratively with lived experience advisory group (LEAG), conducted practice run of study, developed protocol, registered study, completed IRAS ethical approval, received grant from CPFT Strategic Funding Committee, portfolio adoption from the Clinical Research Network (CRN)/Windsor Research Unit.
    - A Systematic Review of Randomised Intervention Studies of Non-Pharmacological Interventions Aimed to Improve Insomnia or Sleep Quality for Individuals with Psychosis – developed protocol, registered and executed review. Currently developing journal articles to disseminate findings.
- Research conducted during MPhil 2014 to 2016
    - Prepared a narrative synthesis of the *ÆSOP*-10 follow-up study of a cohort of 557 first-episode psychosis cases, highlighting several key elements of recovery and factors associated with a multiple-fold change in risk of mortality (Revier *et al.*, 2015).
    - Secondary analysis of National Eden (n=1027), a longitudinal first-episode psychosis study, to elucidate tractable factors associated with social recovery.

Geospatial Innovation Facility, UC Berkeley / Kevin Koy, Executive Director of the GIF - Research completed June-August 2009

- Created a living map of the UC Berkeley campus tree population by using Global Positioning Systems (GPS) and Geographic Information Systems (GIS).

Education

2016 – Present | University of Cambridge / PhD in Psychiatry (nearing completion), dissertation: "Understanding the Relationship Between Sleep and Social Recovery in Early Psychosis"

2014 – 2016 | University of Cambridge / MPhil in Medical Science (Psychiatry), dissertation: "Contrasting Symptomatic and Social Recovery in Psychosis"

2010 – 2013 | University of California Berkeley / B.S. – Molecular Environmental Biology, focus area Environment and Human Health.

2007 – 2010 | City College of San Francisco / A.S. - Environmental Studies and Science: *Graduated - Higher Honours*

1992 | WEC (Winter Emergency Care) Certified for professional ski patrol. Certification is similar in scope to that of an Emergency Medical Technician (EMT), with a focus on the outdoor environment and the need to maintain patients for a longer duration prior to transfer to a hospital.

Lecturing | Teaching | Mentoring Experience

Plenary Speaker | Professional and Continuing Education (PACE), University of Cambridge

- International Summer Programme Plenary Lecture (August 2025)
  Title: *The science of sleep for learning, memory and well-being*
  - Delivered a one-hour plenary in Lady Mitchell Hall (c. 350 attendees), as part of the University's flagship summer programme.
  - Explored the neuroscience of sleep, its impact on learning, memory, and well-being.
  - Following the lecture, the Programme Director approached me to teach three short courses beginning in July 2026, and PACE has now empanelled me.

Trainer | Centre for Research Informatics Training, University of Cambridge (2024 to present)

- Core Statistics in R & Python, Linear Mixed Effects Models, and Experimental Design
  - Teaching undergraduates, postgraduates, postdocs and industry students
  - Applied teaching of a wide range of statistical techniques in R & Python
  - Guide students to troubleshoot errors when running code
  - Research design linked to clear, reproducible, robust statistical analysis
  - Supervise examinations for postgraduate student cohorts
  - Created scripts linked to lecture slides to increase accessibility

Medical Student Systematic Review Mentor |University of Cambridge (2020 to present)

- Mentored medical student (Junior Dr) in developing systematic review methodological skills (i.e., protocol, pre-registration, dual-reviewer screening and data extraction.
- Provided specialist support, including sharing adaptive techniques and strategies from personal experience to ensure skill development and completion of systematic review.
- Co-supervised preparation of manuscript for journal submission (student as second author), further enabling her to develop her academic writing and publication skills.
- Supported development of critical appraisal skills through hands-on involvement in all stages of systematic review process over five-year mentoring relationship.

Founder | Cambridge Virtual Academic Writing Group (2020 to present)

- Developed a structured virtual academic writing group
  - Supports postgraduates, postdocs, and other academics
  - Provides a virtual community working space
  - Effective practice of self-accountability by sharing goals
  - Diverse multidisciplinary global community

Contributing Founder | Cambridge Access to Mental Health & Psychology (CAMP) (2021/2022)

- Collaborated to develop a mentoring programme to support underrepresented undergraduate students considering postgraduate study in mental health.
- Established outreach methods and contact guide of non-Russell group universities.
- Created and delivered a virtual lecture on building academic writing skills.
- Utilised blind application screening, scoring, interviewing and review panel to select participants.
- Mentored undergraduate students in learning to review the literature, develop, revise, and present a postgraduate-level research proposal focused on their area of interest.
- Evaluated, marked and provided detailed feedback on research proposals.

MCR Welfare Officer | Corpus Christi College (2016-2017)

- Mentored students in navigating personal challenges during graduate study.
- Signposted and supported accessing appropriate resources.
- Advocated for student support and counselling from college as necessary.

Lecturer and Facilitator | Biology Scholars Program (2011 to 2012)

- Guest Lecturer MCB C96 – Presented on professionalism, communications etiquette and objective goal setting.
- Facilitator BSP All Student Meeting – Designed and facilitated a workshop on time management. Follow-up mentoring with groups and individuals.

Assistant Teacher and Mentoring | Cal Teach, UC Berkeley (2009 to 2011)

- Assistant teaching at Berkeley High School. Supported lessons and projects for Biology and Sustainable Energy classes.
- Assistant teaching at Washington Elementary in 3rd grade science class. Designed and taught two complete science lessons. Presented on my academic experience and research.
- Mentored students with disabilities in navigating university goals and accessing appropriate support to achieve these.

L.A. Fire Department Search and Rescue | Kratka Ridge Ski Patrol (1995)

- Trained members of the L.A. Fire Department on Avalanche Search and Rescue procedures
- Designed and delivered curriculum, written and practical assessment

Volunteer Experience & Community Leadership

Elected Councillor | Grantchester Parish Council (June 2025-Present)

- Engage with residents and stakeholders on matters of village development
- Represent the views and concerns of residents in local governance and decision-making
- Contribute to planning consultations, budget oversight, and community facility management, always endeavouring to act in the best interest of the community

Treasurer & Trustee | Grantchester Artists (2020-Present) – Founded by Tess Recordon

- Reviewed legal framework and drafted our community arts charity constitution
- Set up a business account and payment platform to allow efficient financial management
- Collaboratively organise art exhibitions to support the upkeep of the village hall
- Continually aim to support creativity, local artists and community connections
- Help organise and deliver art classes to the community free of charge

Steering Group Member | Social Power and Mental Health Conference, CRASSH: (2023)
https://socialpowermh.crassh.cam.ac.uk/steeringgroup/index.html

- Contributed collaboratively to the development and delivery of the CRASSH conference.
- Acted as panel chair during online conference.

Qualified Cricket Umpire | England and Wales Cricket Board (August 2018-Present)

- ECB Level 1 and Level 2 certified
- Officiate local cricket matches

Postgraduate Student Representative | Graduate Education Committee, Department of Psychiatry, University of Cambridge (June 2015-October 2022)

- Represented postgraduate student perspective on academic and administrative matters before the committee
- Co-coordinated Annual Postgraduate Psychiatry Symposium
- Collaboratively delivered presentation on 'Tips to a healthy PhD experience' to incoming postgraduates at annual Induction Day events
- Helped organise journal clubs and engagement events to enhance the student community

Treasurer | Graduate Student and Postdoc Forum (GRASP), Graduate School of Life Sciences, University of Cambridge (May 2016-May 2017)

- Managed finances for interdisciplinary graduate student organization representing multiple GSLS departments
- Co-coordinated academic workshops and panel discussions to foster cross-departmental collaboration
- Helped with survey and analysis examining the postgraduate benefits of the Colleges
- Designed and implemented the first GSLS-wide PhD-postdoc mentoring pilot scheme
- Communicated graduate student perspectives to GSLS strategic committee

Aids Life Cycle – San Francisco Aids Foundation (2005)

- Volunteer cyclist & fundraiser for 7day/585 mile ride, San Francisco to Los Angeles, raising funds and awareness for HIV and AIDS services and research. 5-11th June 2005.

Chaired Homeless Ministry | St. Joseph's Basilica, Alameda, California (2004-2006)

Director of Children's Reading Program | Midway Shelter of Alameda (2004-2006)

National Ski Patrol | Kratka Ridge & Tahoe Donner Ski Resort (1992-1997)

- Provided emergency medical services, managed accident scenes and coordinated with emergency transport and local hospitals for continuity of care.

Special Olympics | Southern California (1994-1995)

- Coached skiing for disabled athletes in L.A. County
- Mentoring and support of athletes

Internships & Professional Development

Intake Specialist Internship|Prevention and Recovery in Early Psychosis (PREP) - UC Berkeley Internship, funded by The California Wellness Foundation (June 2013-July 2014)

- Trained in Structured Clinical Interview DSM-IV Disorders (SCID) at the Department of Psychiatry, UCSF
- Conducted all initial diagnostic intake interviews in the office or the community
- Completed consent process with new participants, including optional research consent
- Developed protocol for sustainable Intake Specialist Internships
- Collaborated with local universities to recruit appropriately matched interns
- Conducted outreach to program participants and their families for activity days, psychosis education and wellness support groups
- Developed resource guide to increase information access to staff, participants, families and the public

Research Internship | Pre-Health Undergraduate Program (PUP) - UCSF Medical School, Clinical and Translational Science Institute Training Program (Summer 2013)

- Completed course at UCSF in Designing Clinical Research; critical appraisal of the medical literature, and experiential training in research design
- Collaborative meetings with faculty supervisors
- Partnered with current medical students in research design and proposal development

Medical Shadowing Cardiothoracic Surgery | Papworth Hospital, Cambridge (August 2012, January 2013)

- Observed surgical procedures under Mr Francis Wells, Consultant Cardiothoracic Surgeon

Summer Programme | International Alliance of Research Universities (IARU), University of Cambridge (Summer 2012)

- Global Summer Program (IARU/GSP). One of three students selected from U.C. Berkeley. Multidisciplinary studies in science, literature, and ancient empires, with a focus on medieval literature

Emergency Medicine | Highland Hospital, Oakland (February-July 2012)

- Clinical observation in emergency department under Dr Jocelyn Freeman Garrick

Transfer Student Internship | Environmental Leadership Pathway – College of Natural Resources, UC Berkeley (2009 to 2010)

- Paid internship awarded for academic excellence, leadership ability, first-generation university student and underrepresented in the sciences

Ecology Internship | Centre for Habitat Restoration – City College of San Francisco (2008)

- Managed website, student mentoring/internship opportunities, and edited publication "A New Leaf: Newsletter"

Athletic Achievements

Marathon Running | London and Edinburgh (2016-2022)

- Completed London Marathon (2017, 2021, 2022),
- Completed Edinburgh Marathon (2019, 2020)
- Completed Edinburgh Half Marathon (2016)

Real Tennis Varsity Second Team | University of Cambridge (2021-2023)

- Trained, qualified for the varsity second team and competed in annual varsity matches against Oxford for three consecutive years

Division One Rower Second Team | University of California, Berkeley (2010)

- Trained approximately thirty-five hours per week, mornings and afternoons, six days per week.
- Qualified at forty, the oldest person to qualify prior to this was twenty-six.

Rower First Team | Corpus Christi College (2014-2015)

- Rowed seat five for Corpus Christi
- Helped support the second team training

Artistic Practice

Printmaker and Ceramicist (1998 to Present)

- Intaglio etchings combining line and aquatint techniques
- Predominantly functional ceramic works, adorned with relief or hand-painted images
- Works displayed in public exhibitions

Work Experience

July 2024 – Present | Bioinformatics Training, University of Cambridge / Trainer
2015 – Present | Corpus Christi College / Invigilator for SEND students
2022 – 2023 | Corpus Christi College / Interviewer of Fellows for Archive Project
2015 & 2016 | Corpus Christi College / Telephone Campaign
2005-2008 | IndyMac Bank / Business Development Manager
2000-2005 | Countrywide Financial Corporation / Area Manager
1995-2000 | Long Beach Mortgage Corporation / Account Executive
1990-1995 | Commercial Center Bank / QC Manager / Customer Service Manager

Awards, Grants, Scholarships and Honours

Strategic Funding Grant - Cambridgeshire and Peterborough NHS Foundation Trust (2019-2023)
Received funding of £4,085 to support the CRISP study, in addition to in-kind industry support received from Big Health (£15,000) and Cambridge Cognition (£2,700).

Biology Scholars Program Fellowship - UC Berkeley (2010 to 2013)
Received for academic excellence, commitment to underserved communities, leadership, and students underrepresented in the biological sciences.

Yvonne Stoupe Scholarship – City College of San Francisco (2009)
Received for academic excellence and purpose-driven educational endeavour.

Certificate of Appreciation from Chancellor – City College of San Francisco (2008)
Awarded for contribution to the community and CCSF Service Learning Program.
